Re: IN THE MATTER OF THE APPLICATION OF COMMERCE ENERGY, INC. FOR A CERTIFICATE TO PROVIDE ELECTRIC SUPPLY SERVICE WITHIN THE STATE OF DELAWARE (FILED OCTOBER 9, 2007) – PSC DOCKET NO. 07-725

Dear Ms. Terry:

The Delaware Public Service Commission ("Commission") is in receipt of the proposed, revised residential and small commercial rateflex customer contracts to be used by the Commerce Energy, Inc. ("Company" or "Commerce"), received by the Commission July 2, 2015. Staff requests revisions to the contract as stated below in order to comply with 26 *Del. Admin C.* §3001 ("Supplier Rules").

Section 2.1.1.9.4 of the Supplier Rules provides as follows: **A statement informing the Residential or Small Commercial Customer that, because of relocation outside of their current EDC's service territory, he/she may terminate his/her contract with his/her Electric Supplier with no termination fee upon a 30-day notice in writing to the Electric Supplier.** This language is not currently contained in the revised contracts please include this language as required in the Supplier Rules.

Also, there is a typographical error on the General Terms and Conditions section, number one (1), under Volume Weighted Average Utility Price: it states, "the weighted average Utility price for electricity supply, as calculated by adding up the product of Deemed Monthly Utility Consumption for ever month of the Term..." I believe ever should be every?

As applicable, please provide an original and five copies (Staff will reserve the right to request the additional five copies, if necessary) of the requested information.
